Appendices: P&L, Balance Sheet, Fines and charges amendments

1.Presidents Welcome Good evening & a warm welcome to you all, it's good to get back to a face to face AGM, although Covid is still amongst us, as you will hear through the apologies. My thanks go to all you secretaries & team mangers for assisting in completing fixtures by reversing games, playing on 3G and neutral venues plus in some cases with incomplete teams. I would also like to thank my fellow committee members for all the hard work they have put in over the last year, without you there would probably be no football.	
2. Apologies & Agenda MR took us through the agenda	
4. Minutes of 2021 AGM These were accepted as a record of last meeting. Proposed. Spectrum, Seconded. Lower Stratton Additional comments from the MR – thanks to the clubs, at the last AGM our intent was to complete a season and cup with COVID still around, and although there were hiccups along the way we got there.	
5. Election of Officers Committee posts remain largely as last season, but we are looking for a Welfare Officer and a Treasurer with PC looking to share the position before stepping down. The current positions remain Chairman MR, Secretary JL, Registration CT, Fixtures PM, Referees MPH, Results IR, Cups MR/JH, Club Liaison JH, Committee member CR. Thanks to Andy Fox who held the position of Discipline Secretary but has had to step down. Proposed by. Ramsbury, Seconded Spectrum	
6. Chairman's address Extreme thanks to John Luckhurst, He works tirelessly with other leagues and the FA to look after all our interests. He's served for 8 years, and he's chuffed to bits that everyone is signed & paid up for the first time in memory. With comments and discussion going around during today's the meeting, in brief we successfully ran 3 leagues and 2 cups in a part-COVID season. Well done to clubs and thanks to all the committee.	
7. Referee's Secretary address **As circulated prior to the AGM** (MPH): "We had 53 referees register with the SDFL last season and this enabled us to cover **all** your matches. So far, we have registered 52 for next season, with at least another 2 showing their intent to join before our season starts.	

As RAO for the League, I am very happy with the communication that I have with you all and the feedback that I have received during the season. This has helped develop the buddy scheme in operation and where we are all seeing great things happening.
Please can I remind you that the match officials are to be paid at least 15 minutes before Kick-off along with the exchange of team sheets.

Next season, as part of the improvements being introduced, the referees will complete a 2 - part form, after each game, for my records. The first part a report about the match, the second about details of contacts made.

I cannot stress enough, how important it is that you continue to contact the Referee before 8pm on the Thursday of each week before your match, to confirm details of your fixture with them.

From the Floor: Points emphasised by MPH. All our games were covered, we have a buddy scheme. Next season we have 53 registered referees. If there are spare refs we hope to have 3 officials on Prem games.

Please keep in contact with your refs by Thursday 8pm. Pay your ref before the game.

Questions/Discussions from the floor

7.1 Ref pre-payment. Given MPH stated refs should be paid 15 minutes before the match starts Ramsbury mentioned some refs don't get to the game with 15mins to go, so you can't pay them 15 minutes before. MPH stated refs are expected to arrive 35mins before KO, and asked to be advise if this wasn't happening,

7.2 Teamsheets, photos & player eligibility

3 part teamsheets are being re-introduced with a sheet to be given to the referee to assist officials.

MR requests to add team photos when reporting results. It isn't a rule, but it can help as a good habit to get in to. Asking players to turn around so you can see numbers is a possibility. Keith White suggested that the Ref be advised if there is a dispute, merely to help note that there was some issue before the match. Jeremy Moyes suggested that the ref should have no interest.

MPH pointed out that if a game does not go ahead the referee should still be paid if you decide not to play because of ineligibility.

PC stated his opinion that everyone should be in the habit to **sort eligibility before the game starts**, the effort to sort it out after the game through discipline via the committee only lengthens the headache, invariably leaves clubs aggrieved and creates work no one wants.

7.3 Three officials

Craig from Nationwide pointed out they were given **3 officials** in a division 2 match without being advised. This impacted the club severely on cost. MPH was asked to make sure that clubs were fully aware they had 3 officials and accepted that a club might say thanks but no thanks.

The committee would expect to see top of the table, semis, potential for fireworks etc games to be covered by 3 officials if these were available, but clubs would always be advised.	
8.Treasurer's report **8.1 As circulated prior to the AGM** (PC) "This year is little different in many ways, the league takes registrations and membership, which pretty much covers the award of trophies, printing, virtual handbook and our FA affiliations, and any other costs and should allow a small surplus to keep us afloat. However, points to consider below. **Impounded Deposits.** (How come?) Clubs conducting themselves in an orderly manner get their deposits back, but if they can't be bothered to tell us what they are doing when we ask, or still owe fines, then those deposits are forfeited. **Fines.** (Ouch!) It's always with some regret that we impose fines on clubs, we're not here to impose hardship on clubs but we are obliged to impose penalties to prevent clubs spoiling the show for their opponents if it is easy to call off a game. The fines of £455 are almost entirely those for late cancellations. We will continue to allow postponements in good time at no penalty, provided due warning is given, but all we can do is apply the rules the clubs ask us to administer. We treat all clubs the same, but calling a game off at the last minute means both clubs players, and officials miss out on their Saturday football fix plus it leads to extra admin organising fixtures and sorting pitches. Having said most fines are for cancelling fixtures, league officers should not be chasing for teamsheets, results and referee details when all are 2 minute tasks for a club as a simple courtesy being blindly ignored. Whilst most clubs are fine, why are we chasing the same folk who just can't be bothered. Step up to the plate. **Web Costs.** This year the committee decided to spend more, £600, to get some professional web support, to set up and improve our web and media presence. We expect this to be a one off charge, but if it means our communications are better received by clubs we feel it is worth the cost, and will consider it as an ongoing cost if successful. **Next seasons proposed increased player registrations and late calling off of games**. Whatever the rules say where fines are concerned, ALL are easily avoidable with simple courtesy, and any charge raised by the discipline committee can be appealed if the circumstances really are unavoidable. However, the committee consider that the current penalties mean some clubs just can't be bothered and consider the penalty is irrelevant. This is hugely unfair on the opposition, and we feel the penalty should reflect that. With all the social media and team comms out there: Teamer, Whatsapp, Facebook or whatever you use, get yourselves sorted and get players out there. You can register players all but up to kick off and playing every week means those who waver see the commitment is worthwhile and you get the benefit from weekly games. **Honoraria.** The committee has been put out considerably this year, and this thanks people who put in effort almost daily to guide and administer nearly 30 clubs and sort out FA requirements. **Finals**. It's a shame STFC opened their doors for the last game, and people missed the chance to see a couple of fine games at RWTFC with players having the chance of a stadium experience. Entrance covers stadium hire we consider more than worthwhile. This year we	

invested in a couple of card readers so we could take card payments and that proved most helpful. **Sponsorship and call for Advertisers & Support.** Thanks to Don Rogers for continuing to support our 'plate' cup competition, to Up A Ladder for our main cup and of course Jimmy Horwood at Hamsterzorb.com for the league sponsorship. We also had support form Adam Szczerkowski at MPD Print who generously provided our cup final programs – his nephew Simon played in the league and managed Regent for a number of years. Also thanks to Ollie Stobbs at Aura Graphics who created a great new banner for us to celebrate winners. Getting your name on the web supports us as grassroots football, so contact us and get your business name out there. **Pitch Fund.** Managed independently. A grant from the FA goes to the council for improving the quality of the pitches. This year we spent approx. £3500, with 2500 to spend in the coming season **Looking for a new Treasurer.** Now that pretty much every transaction is on-line there isn't much chasing required, so please present yourselves to us if you would like to help the league, and we'll get you on board." There were no questions from the floot. The accounts were presented to an independent non-football, non-SDFL CIMA qualified accountant and agreed as accurate. Proposed. Pete Mildenhall, Seconded. Highworth	
8.2 P&L (see appendix)	
8.3 Balance Sheet (see appendix)	
9.Election of New Clubs During the season we lost: Redhouse development, Paragon never started unfortunately. Clubs that have left are: AFC Swindon, Ashton Keynes, Hatherop, Priory Vale, Siddington, KO Plastering, Pewsey Vale & Sportz Central **We have gained and welcome** Brain Cooper Secretary of Poulton ex Ciren league, feel they will be better served for travel in Swindon than Stroud. Alex Davies. Cricklade Firsts Liam Butcher - Stratton Juniors Development – aim to get the young kids playing adult football Purton. Andy Cowan – Another development team Jacob? – Coleview. Group of friends from this area. 16 years old players can play adult football and any school questions are not needed, rather the difficulty is a 'welfare' consideration, regarding safeguarding. Players who already have a junior FAN do not need to be re-registered. Proposed Highworth, Seconded by Cricklade Second.	
10. Secretary's address	

Circulated pre-AGM. (JL)

"This was the 132nd season of the League and this is my 8th Annual Report as Hon General Secretary.

I would firstly like to extend the League's sincere thanks to our sponsors: Hamsterzorb.com, (Jimmy Horwood), who are the main sponsors of the League; Up-A-Ladder (Nick Salter), the sponsor of the KO Cup, and Don Rogers Sports, sponsor of the Plate competition. We kept the League fees at zero last season to help your finances recover from the Covid 19 losses, and it was thanks to these sponsors we were able to do that.

We finally completed our football fixtures for the first time in three years, thanks to great co-operation from you. You took on board the constant flow of Covid 19 guidance that was issued. There was a real coming together to get the job done, from League officers and clubs, a real team effort.

However, the satisfaction of that achievement was tainted towards the end of the season by reports of increasing "Respect" issues towards referees, players and their supporters, and we were often in dialogue with the Football Services team at the County FA for their help and guidance? Maybe this was a result of being in lockdown for 2 years, we don't know, but the League and the County FA are looking at fresh initiatives for the coming season.

We had seen growth with a number of new teams, including Development teams, enabling us to run with three Divisions last season. We are beginning to see more younger people (under 18's) both playing and taking up refereeing, and we must protect, them, and not expose them to the poor behaviour, that started to creep into our games last year. There are new mandatory Safeguarding requirements for all of our clubs (who have players under 18 in their squads) coming into force. The Wiltshire FA will be running Safeguarding Courses, and we will get information out to you as soon as we receive it. We are looking for ideas and initiatives from you to encourage even more people to our League by making your Saturday experience better.

The pyramid agreement with the Swindon and Trowbridge District Leagues and Wiltshire Senior League continues, and I would like to congratulate Blunsdon for their achievement of winning our League and being accepted by the Wiltshire League as a Senior club.
The League still aspires to get Charter Standard League status now called England Accredited Clubs, more about this initiative later.
As we were all just getting used to the Whole Game System (WGS), for player registrations and transfers, along came the new FA Player Registration system. We continued to use paper registration forms and or emails, and paper team sheets. The requirement for a player's e-mail address and a photograph also continued, which helps reduce the incidents of alleged ineligible players. Team photographs before kick-off (including named substitutes), became a feature of our Cup rounds and we would like this to continue with League and Cup fixtures next season.

We have invested time and money in Social Media, and if you would like anything posted regarding your club there is a contact page for you to use.

There are a considerable number of Rule Revisions proposed. These are mostly related to fees and tariffs to bring our League more in line with what others are charging.

Best wishes to all of you, have a good summer break and a successful season in 2022 - 2023. Let's hope that the coronavirus and the weather allow us to have an uninterrupted season"

10.1 Rule changes

MR explained that rule changes were to close gaps on ambiguity, and to align ourselves with other leagues in the area. There are a number of minor changes in SCOR (the FA's Standard Code of Rules) that our rules are structured around.

LEAGUE SUPPLEMENTARY STANDARD CODE OF RULES (SCOR) CHANGES – 2022-2023, 2023-2024 SUBJECT TO CLUBS APPROVAL

No.	RULE	PROPOSED AMENDMENTS	RATIONALE
4	i) Entry to Cup/Plate	*Entry to ALL SWINDON & DISTRICT LEAGUE CUP/PLATE competitions is mandatory for all clubs entering the league and clubs will be charged the respective entry fee, in addition to their league entry fee.*	All clubs expected to compete. It is a prestige competition, but late entrants/withdrawals cause major problems within the Competion.
18	Q	*Mandatory provision of team photographs (including named substitutes), when requested by the Management Committee, supplied with team sheet. Failure to comply with this Rule will result in a fine in accordance with the Fines Tariff.*	Replaces Rule 18B iv (introduction of PRS)
		League and Cup/Plate fees proposed increases	See table
		Fine tariff proposed increases	See table

There were no questions from the floor regarding rules

Proposed: Chiseldon. Seconded Spectrum

10.2 Fines & Charges

See appendix for increases

The committee accepted a point made from the floor that leeway will be given although this clearly depends on how the club communicates. The committee are not desperate to apply discipline and appeals are always possible.

It's should always be possible for clubs to "reverse" fixtures. Games called off for pitch reasons in particular should be expected to be played at an alternative venue rather than simply called off. The committee would reasonably expect a match that doesn't follow this simple principle to get games played, to penalise the offending club and charge the costs for the rescheduled fixture to be awarded if an appeal or challenge is made.

Proposed: Chiseldon. Seconded Spectrum

11. Constitution of the leagues

PM recommended 2 divisions.

Prem: Nalgo, Redhouse, Highworth, Chiseldon, Down Ampney, Nationwide, Intel, Bulldogs, Spectrum, Cricklade Firsts, Shield & Dagger. 6 of the old Division 1 from last season.
Division 1: Lower Stratton, North Swindon, Blunsdon Dev, Ramsbury, Cricklade res., Moredon, Swindon Centurions, Coleview, Poulton, Purton dev, Stratton Juniors dev.

11.2 County Cup

PM advised the County Cup dates as far as he is aware, all tbc: 17-Sept, 8 Oct, 5 Nov, 3 Dec, 7 Jan, 4 Feb Semi, 25 Mar final. The County Cup has precedence so any fixtures we schedule will move around those dates. There are some Gloucester County cup dates which we don't yet know.	
11.3 SDFL Cup Competition MR proposed a format that was accepted by the clubs: The first round all clubs play, with winners to go in to Premier cup, and losers into the plate, then play group games over the course of the season, with an end of season knockout and a stadium final. In the case of any fixture congestion, whether for the cup or league, the committee are aware of and will accommodate any world cup fixtures where England play, but remember there are options to play games with early kick offs.	
12. Virtual Handbook. PC advised how this saves the league printing costs, and although the rules are rarely read in detail we do need them to administer the league, so for any debate, the rules are as in the published virtual handbook. As far as contact details are concerned, now everyone has Whatsapp, Text & email details the old reasons for a printed copy are well past. A password protects the general public from spamming every club official so please respect that. **Points of interest:** It's the away team changes kit. MPH reminded us that black shirts clash with the ref so are a 'non colour', and repeated don't ask the ref to wear a bib.	
AOB • Any registration queries to CT • All results to IR – we are asking adding team marks to make sure we have a proper 'sportsmanship/fair play award' Shane Coomb. Update from Shane from Wilts County FA. • There is more information coming regarding safeguarding. Remember you won't be playing football if you're not abiding by safeguarding. • With discipline the FA have a roadshow in the first week of June with the FA regional manager explaining how Wilts are doing. • Regarding discipline, remember everything starts as an allegation, with Shane expecting to raise charges where a dispute is clear. • Discipline panels were always Wiltshire based, but we have a new pilot scheme with members across the country. • Performance & case load. Our stats are similar to last year, so credit to the clubs and the referees	

14. We finished with the role of honour as in the agenda with a presentation to CT on his secretary award.		
The meeting closed at 8.53 pm
